

## **Benefice e-News**

Each week, a roundup of local news and information about services and events in our group of churches is available on our website, and it is also sent out to any who subscribe to receive the emails.

Subscription is available on our website, and your personal details will only be used for the distribution of the weekly Benefice News email and, if you request it, a monthly email for the distribution of our e-Parish Magazine.

Should you require help, if you wish to receive these emails, please do ask a member of the clergy team or one of our Churchwardens.

At the bottom of each email, you have the option to amend your subscription choices or unsubscribe from receiving these emails.

Each year the Wye Reaches Team reserves the right to delete accounts that have not been used or where a person has died or moved away. We also reserved the right to add names from baptismal and wedding applications, where this has been requested on the form.

If you want help with anything related to this, please do contact the Vicar, Rev Tim Starling (07980204572 or [revtimstarling@gmail.com](mailto:revtimstarling@gmail.com))
