

## Benefice News – Sunday 12<sup>th</sup> July 2026

One of the joys of these days in summer is seeing the countryside clothed in such deep, rich shades of green. The trees and hedgerows seem full of life and abundance (even when the grass is beginning to look a little jaded). There is something wonderfully peaceful and refreshing about the colour green; perhaps it is because green speaks of life, growth and renewal, reminding us that God's creation is continually being sustained by his loving care, and that his grace is quietly at work within us, bringing new life even when we scarcely notice it.

### **Our services and events are as follows:**
